Johnson Drive System
Never feel a lag or surge thanks to the digital drive system that recalibrates instantly with each footfall. The low-RPM operation also keeps the motor cool and quiet, which extends the life of your treadmill.

FeatherLight Folding
Our one-step hydraulic system does all the heavy lifting as it gently lowers your treadmill deck when you're ready to use it and effortlessly raises it when you're done.

Energy Saver Mode
Conserve electricity with our Energy Saver feature, which puts the console in sleep mode if it is inactive for 15 minutes.

Variable Response Cushioning
Get the ideal mix of flex and support from our three-zone variable cushioning system.
