## Johnson Drive System

Never feel a lag or surge thanks to the digital drive system that recalibrates instantly with each footfall. The low-RPM operation also keeps the motor cool and quiet, which extends the life of your treadmill.

## Variable Response Cushioning

Get the ideal mix of flex and support from our three-zone variable cushioning system.

## FeatherLight Folding

Our one-step hydraulic system does all the heavy lifting as it gently lowers your treadmill deck when you're ready to use it and effortlessly raises it when you're done.

## Unique Console Features

Adjust the console for the best view of workout data, and use the MyKeys buttons to set three "favorite" speed and incline levels.

## Energy Saver Mode

Conserve electricity with our Energy Saver feature, which puts the console in sleep mode if it is inactive for 15 minutes.

## Audio Features

Built-in speakers and audio input jacks allow you to listen to music from an MP3 player, tablet, smartphone or other devices..

## SixStar Certified Frame

Get the smoothest, most natural elliptical motion from this model's SixStar Certified frame.

## Precision Power

Our Precision Power induction brake lets you make accurate and instant resistance changes. You also get more reliable feedback, which takes the guesswork out of your workouts.

## proFILE Performance Tracking

Our exclusive tracking technology records your workout data so you can evaluate your performance and monitor your progress.

## iPod Features

Built-in speakers and an iPod® dock allow you to control your music from the console, and track your progress online with Nike + iPod® compatibility

## Backlit Power Switch

Turn your treadmill on or off with a single touch of the backlit power switch conveniently located right on the console.

## Handle for Lifting

The conveniently placed transport handle makes it easy to lift and store the bike.

## Power Incline

Change the incline with the touch of a button to target different muscle groups or increase the intensity of your workout.

## Cardio Compass Heart Rate Display

Our innovative heart rate wheel displays clear feedback that indicates whether your exertion level is in your target zone.

## Passport Ready

Take a vacation from your everyday workout with the Passport Media Player, which displays stunning forward-motion footage on your television and syncs it with your equipment for an immersive exercise experience.
